Dear Parent,

Kindly be informed The NCERT council has recommended not to assign home work for the children up to Class II across all the boards. We are in the process of observing the concept. The school is continuously monitoring the work of the children in the class. The academic works are completed in their classrooms and adequate support is provided for each child in the class.

Based on the performance of the children and their potential to cope up, the homework may be eliminated, or moderated from no homework to less homework, or weekend home works may be assigned. As a school, we are obliged to balance the needs of the children, parents and the government.

We assure that Primrose is steadfast on its mission to provide the best quality education to our children.

Regards

Principal
