2) PRIMROSE PARENTALERT – APP FOR SMS ALERTS

We have been receiving complaints about SMS not coming on time, delayed delivery of school homework messages, some messages never reaching the parent due to network problems. Taking this into consideration, the school has introduced a new mobile application “**PRIMROSE PARENTALERT**” to receive your child’s homework as well as any regular communication from school.

This is a Cloud Based application through which you can instantly receive the messages using your smart phone.

Kindly follow the below steps to install the application in your smart phone:

STEPS:

- 1) From Play Store, select the application named, "Primrose ParentAlert".
- 2) Select Install option to install the App in your mobile phone.
- 3) Enter the mobile number in which you will regularly receive our SMS updates.
- 4) Now, you can access all our communications online.

NOTE: Kindly be aware that the SMS alerts from the school will only be made available in this application, once you install it on your mobile phone. Otherwise, you can continue to receive the SMS in the regular message format.

For any queries on the above applications, please contact Mr. Ramanujam (Phone number : +91 73970-98642)

Thanks,

Principal.
