## NATIONAL PRIMTALENT OLYMPIAD EXAMINATIONS

Dear Parents,

We share our immense pleasure in introducing **PRIMTALENT** Olympiad exams in our school. PRIMTALENT exams will be in the format of International Olympiad Foundation exams. This exam is open for all schools in the city and will be extended to state and national level in the coming years.

*“PRIMTALENT discourages memorization and make children think. It helps to perceive the subjects in a different dimension”*

PRIMTALENT exams are meant to break that monotonicity in the learning process. They are designed so that any student can think deeply about a given scenario and solve it with the same set of tools that a school student has learnt in the classroom.

- It improves logical thinking and gives a career path to young ones.
- The exams are not only based on the subjects but also it enhances the analytical reasoning ability.
- It helps our students to test their understanding, level of knowledge and power of reasoning.
- PRIMTALENT motivate students to try for the best.

**1) MATHEMATICS** : Creates enthusiasm & love for Math. Helps to improve mental math ability, develop mathematical flexibility in solving problems and provides a challenging and engaging mathematical experience.

**2) ENGLISH** : Aims to enrich & deepen the appreciation for the English language. Helps with comprehension skills, grammar & vocabulary and tests the students on conceptual thinking & thought-provoking questions.

**3) SCIENCE** : Helps to survive better in today's modern competitive world. It motivates the students to endeavor deeper understanding of scientific facts, so as to enhance their reasoning, analytical and problem solving skills.

**4) CYBER** : Aims at inspiring ethical and productive use of technology. Helps young ones to get to know the virtues and shortcomings of the cyber world beforehand and enhances logical reasoning and develop knowledge on the latest technology developments.

**5) GEOGRAPHY** : Understanding and resolving issues about the environment and sustainable development. Determining where places are, how places and landscapes are formed. Analyzing how people and their environment interact and how a diverse range of economies, societies and environments are interconnected.

Kindly note the below schedule for the PRIMTALENT exams:
