The Council's National School Sports and Games

Dear Parent,

The Council has firmly believed and stressed on the holistic development of the child, in body, mind and spirit. While academics and examinations are the Council's prime concern, it realizes the importance and role of sports and games in a child's life.

The Council has therefore embarked on a mission to conduct the 'Council School Sports and Games' annually in order to identify talent at the school level and provide these children a suitable platform to develop and reach their full potential. This is also keeping with the Government's initiative of identifying sporting talent among the children at the school level and developing Sports Schools through the **Khelo India School Games** and the **Khelo India Scheme** respectively.

In order to motivate and promote the Sportsmanship among our children and, the school will be hosting Regional Level Badminton Tournament and Yoga Competition in our school premises.
