A PRIM ROSE SCHOOLS EDITION

PRINCIPAL'S DESK

Dear Parents,

Well, we are almost stepping into the second term and I am cherishing the wonderful sounds from the hallways and the playground as my children run around and learn cheerfully. Their energy is really infectious. They keep reminding us the power of knowledge and how information can liberate while education can bring progress.

September has been a colourful month with various scholastic and co – scholastic activities weaved together to make it vibrant. Our teachers were recognised for their dedication towards their beloved students in bringing out their creativity and ability on the Teachers' Day. So I believe that Teachers have three loves: love of learning, love of learners, and the love of bringing the first two loves together.' We also conceive that our teachers need to be equipped in the usage of online banking through the Andhra Bank Mobile App, thereby providing them to use the app effectively.

Being amazed by the art work displayed in the classrooms, the X and XII art students were given an opportunity to learn logo designing from NAFA, as a part of their art classes. While the other students were also taken to Kalashetra to witness "Gandhi Parv", an exclusive performance of Shanthi Sutra (Thread of peace), the EVS students also visited Montech Industries and Fabricators where they learnt about air pollution control equipment and its usage. Students came back inspired and ready to implement and apply their understanding on the use of Khadi, saving the environment, respecting our culture and to treat animals and our environment with humanity. Our tiny tots visited Kiddo Castle, an amazingly entertaining and physical space.

So let's continue to work effectively to nurture and grow the skills, knowledge, talents and character of our wonderful students.

"Adorn the bird with feathers so that it can fly."

Regards
Principal

Teachers' Day Celebration

A word of appreciation for the teachers who inspire hope, ignite imagination and instil the love of learning in the young minds.

Having pure love for teaching made our vibrant Madam to wish them all happy teachers day.

Gratitude to our teachers for their strenuous working.

Celebrating our beloved Director Madam's Birthday

Celebrating our Director Madam's birthday, our source of inspiration.

A small token of love and respect for our adorable Madam.

A token of gratitude to our mentors for rekindling our inner spirits and motivating us throughout.

Download Digital

Equipping teachers with tech tools, teachers trained by the employees of Andhra Bank to use their mobile app effectively.

Design is thinking made visual

NAFA SINGAPORE
NANYANG ACADEMY OF FINE ARTS

Art students undertook logo designing session passionately. This was conducted by the Fashion Studies Senior Lecturers of Nanyang Academy of Fine Arts, Singapore for Classes X, XI and XII Art group students to enhance their designing skills to the corporate level.

Nanmangalam Reserved Forest

From reading to visualization, our profound students of classes IX and X visited that forest.

They were all stunned because they understood without trees how empty we are.

FIELD TRIP

Join hands to enrich
our Environment

Celebrating 150th Birthday of Gandhi

Celebrating 150th Birthday of Gandhi. Children of classes IX and X visited Kalakshetra as a part of their EVS educational trip.

Britannia India Limited

Our juvenile pay a visit to Britannia India Limited to see how they manufacture the products to gain practical knowledge. Students were exposed to real working environment and shown how things were done in an organisation.

Kalakshetra Weavers' Society

Our students of Classes IX,X,XI and XII imbibing the techniques of weaving at Kalakshetra Weavers' Society.

Students learnt the Mudras of our traditional Bharatham from a dancer.

Young minds were visually amazed by our traditional painting methods.

Montech Industries

Children of classes IX and X visited Montech Industries and fabricators to learn the mechanism of air pollution controlling devices and process of controlling air pollution.

Mr. Sivakumaran, the Head of the Pollution Control Department demonstrated the mechanism of the air pollution control devices.

Fun Factory

Our young one's enjoyed to the core at the Kiddo Castle which is one of their favourite places.

Our busy tiny tots exploring the games at the trampoline park.

The children of class LKG - B thoroughly entertained in the toddler zone.

Going up in the air is always fun, children enjoyed swinging in the kiddo castle.

Children spent time playing around, jumping, running, climbing up and down with their friends.

PUNCTUALITY AWARD

Punctuality is the first step towards success.

**Punctuality is about respecting one's own commitment.
Class I Lily and IV Lotus received the punctuality award of the month.**

**Punctuality is the most prominent quality of a leader, walking rightly in the path of leadership.
Classes II Lotus and III Lily received the punctuality award.**

**Never put off till tomorrow what you can do today.
Children of Classes VII Lily and XII Lotus cherishing the moment of victory.**
