Prim
Ad Infinitum

A PRIM ROSE SCHOOLS EDITION

Dear Parents,

A million dreams, A thousand achievements and A hundred memories makes life at Primrose more colourful and lively. As always, the month of November kept us on our toes, preparing for various events lined up to entertain and educate our children.

Children are the most treasured at Primrose. Every initiative is taken with utmost care to educate and mold the children as a better citizen. As a token of love, our teachers came up with various events to entertain and educate the children on the occasion of Children's day. Every teacher made an impact on the student's life imparting confidence and value. I am sure it will be the most treasured moment for every child of Primrose.

As quoted by John Maxwell, "Leaders become great not because of their power, but because of their ability to empower others." We as a family do care and respect each other. Our Director Ms. Sindura Arvind, having experienced the power of energy healing, wanted the teachers and students to experience the same to walk through the life with consistent positivity and confidence. She brought home a renowned energy healer to equip the teachers and students of Primrose to keep them positive and energetic. It was really an amazing experience, I am sure this therapy will keep us positive and confident.

The more difficult the victory, the greater the happiness in winning. Sports plays an important role in shaping an individual. It helps children inculcate team spirit and healthy competitive spirit in them. The 14th Annual Sports Meet was conducted on November 2nd at our premises. The Sports Day was based on Fit India Movement. Every child experienced the true sportsmanship, and learned the art of being fit and healthy.

The children ventured in a business project, strengthening their art of living. They came up with food stalls. They learnt the value of food and effort in preparing the same. Equipping teachers consistently is important to educate the children rightly. Teachers were trained to take technology to the classrooms to learning more interesting. Children utilized Vasudha Vatsalya to showcase their talent. Their grooves and their melodies rocked the stage leaving the audience mesmerized.

The month being filled with rewards and applauds, it served as a motivation for more achievements in the months ahead. Thus experiencing the joy of learning by every Primrosian.

Regards

Principal.

Primrose Schools values every moment until it becomes a memory....

CHILDREN'S DAY CELEBRATIONS

It was CHILDREN'S DAY!!! And what more can you expect....
It was the time for the teachers to exhibit their talents on stage,
Each and every child of Primrose enjoyed various
performances presented by the teachers..

ENERGY HEALING

Energy healing is a therapy which enables an individual to balance life. Our director ma'am, Ms Sindura Arvind gave us a light on positivity by bringing in a professional energy healer. It was an amazing experience to both children and the teachers.

The key to happiness.....

ISKON – DHAMODAR LEELA

Primrose believes that Lord Krishna prevails in each and every child of the school. Dhamodar Leela is celebrated at school in order to inculcate humbleness in children.. Dhamodar Leela signifies the humbleness of Lord Krishna towards his mother.

CENTRE OF CHILDREN'S FILMS FOR EDUCATION

A documentary film was shown to our students on importance of education...

FOOD STALL

Primrose gives an opportunity for every child to experience the business skills... Children prepared food and sold them at the canteen as a part of their internals.....
