

## LESSON 14: The World Around me

### I. Choose the correct answer

1. A solar system has ..... planets.

- a) five            b) two            c) eight            d) six

2. .... is the smallest planet.

- a) Earth            b) Mars            c) Mercury            d) Venus

3. Planet ..... is called the 'Planet of Life'.

- a) Jupiter            b) Saturn            c) Earth            d) Neptune

4. Which of these is not a shape of the Moon?

- a) Round            b) Crescent            c) Square            d) Half

5. Another name for Earth is .....

- a) Red Planet            b) Yellow Planet            c) Brown Planet            d) Blue Planet

**II. Name the following**

1. Three shapes of the moon - .....
2. A group of stars is called - .....
3. It is the center of the solar system - .....
4. Planets move around the sun in a fixed paths called - .....
5. Smallest planet of the solar system - .....

**III. Write(T) for true and (F) for false for the following statements**

1. The sun is in the center of the solar system. ....
2. The moon is bigger than the sun and the earth. ....
3. Mercury is the nearest planet to the sun. ....
4. Earth is the fifth planet of our solar system. ....
5. The sun is not very bright early in the morning. ....

**IV. Fill in the blanks with the correct words**

1. The sun shines very bright in the ..... (afternoon / morning).
2. The moon shines because of the light of the .....(planets/sun).
3. The part of the earth that gets sunlight has ..... (day/ night).
4. Sun, moon, stars and planets are examples of .....(solar/heavenly bodies).

5. The eight .....(planets/stars) revolve around the sun.

## V. PLANET SCRAMBLE

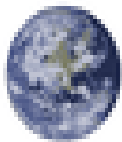

Unscramble the names of the planets

ECRMYUR \_\_\_\_\_

SUENV \_\_\_\_\_

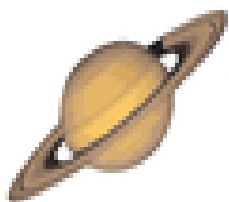

RTEHA \_\_\_\_\_

RMAS \_\_\_\_\_

PIRJUTE \_\_\_\_\_

TAURSN \_\_\_\_\_

UNASRU \_\_\_\_\_

EPNUNET \_\_\_\_\_

**V. Answer the following:**

1. What makes our solar system?

.....

.....

2. Why do stars look very small?

.....

.....

3. Name the planets of the solar system.

.....

.....

4. What is an orbit?

.....

.....

.....

5. Why the earth called 'Blue Planet'?

.....

.....
