A PRIMROSE SCHOOLS EDITION

Greetings!

Persistence, Perseverance and Practice always progress towards betterment. We are in the final month of the year, the month meant for celebration and retreat. The month of December also turns out to be a prolific month for this industrious year.

The achievement of our children in the sports area could not be veiled away as we always believe that exposure to the outer world always brings in a magnificent personality in our students. This was once again proved by our young talents who won accolades through their participation in Tamil Nadu Athletic Meet 2022-2023. They brought in not only the medals with them but also the spirit of success.

The enlightened environment in the school was even more brightened by the students through their beautiful diyas in the school premises and 'Winter Party.'

The perfect joy is achieved not only through celebration, it is brought forth by giving and caring. We always nurture the habit of caring through sharing. We always believe in making a meaningful life by care and concern to our community. To inculcate the habit of giving and to foster responsibility over our community, the students made a visit to orphanages. There some of the students even relived the moment they once had with their grandparents.

"Little drops of water make a mighty ocean." As the principal of the school, I would proudly say that the precious moments that we had throughout the year gave us a majestic and efficacious year which came to an end with an impressive celebration of the Christmas Eve. With powers of optimism, we are eagerly waiting for the New Year 2023.

Regards
Principal

Kiddos Athletic Meet 2022-23

Primrose Schools Congratulates the winners of Tamilnadu Athletic Meet 2022-23

“The five S’s of sports training are: stamina, speed, strength, skill, and spirit; but the greatest of these is spirit.”

When we talk about a student, an image of a child with a heavy school bag with lots of books immediately pops into our minds. However, our school is different. They believe that a school's environment shouldn't be just confined to academics, that is why we got an opportunity to participate in Kiddos Athletic Meet under the categories of 11 and 14 which was held in Nehru Stadium and bag a few medals. We are extremely grateful to our Principal sir and our Physical Education Teachers for opening up a wider platform to exhibit our talents. – says Swastika, Diya and Dhruv Raj.

By lighting the diya, you dispel negativity from your mind and soul. This clears up space for positive thoughts to enter.

Annihilate the three impurities, namely, egoism, selfish action and delusion – says the students of Primrose by lighting rows of diyas on the occasion of 'Karthigai Deepam Thirunal'.
