A PRIMROSE SCHOOLS EDITION

September brings a vibrant energy that propels us forward with enthusiasm and determination. As the Chinese proverb suggests, when planning for different time frames, we must consider different actions: for a year, sow rice; for a decade, plant trees; for a lifetime, educate people. This proverb emphasizes the importance of valuing and nurturing our educators, thus highlighting their significance.

We marked Teacher's Day with a series of enjoyable events in which both teaching and non-teaching staff members enthusiastically participated. These activities ranged from a lively ramp walk, engaging games, a picture hunt, creating captivating videos. It was a delightful revelation to discover the hidden talents of our educators beyond their teaching roles.

Our students expressed their gratitude towards their teachers through a variety of programs such as skits, debates, dances, and even by composing earnest songs dedicated to their mentors. This special week left an indelible mark on both teachers and students, creating lasting memories.

With the grace and blessings of Lord Krishna, nothing is beyond our reach. Our children and staff came together to celebrate the auspicious occasion of 'Krishna Jayanthi,' fostering love and positivity in our midst.

The day commenced with a sense of divinity as we sought Lord Krishna's blessings during our morning prayers. Our children showcased their devotion through a variety of performances, including dances, songs, and skits, all designed to share the love of the almighty. Our kindergarten and primary students dressed up as little Krishnas, adding a delightful visual element to this special day.

These events not only expressed the children's affection for Krishna but also instilled important values such as love, compassion, honesty, empathy, and sympathy in them. At Primrose, we firmly believe that imparting moral values is essential for children to develop into better individuals, equipping them to contribute to the creation of a more ethical society in the future.

While earning is a necessity for survival, saving holds greater significance for thriving within our modern society. Those who adeptly manage their finances can enjoy a fulfilling life without relying on others. To ensure that our teachers receive the necessary support in maintaining a healthy balance between their finances, well-being, and professional life, we consistently offer them essential assistance. Our school has organized a financial management course to impart the importance of saving money and planning for the future, ensuring they are well-prepared.

May we share smiles and joy, inspired by Krishna's blessings, and continue to work diligently towards achieving our life's goals and finding success.

Regards,

Principal.

# Teacher's Day Celebration

Happy  
**TEACHER'S**  
Day

The Primrose family marked Teacher's Day with a vibrant celebration, featuring the enthusiastic involvement of our cherished students. They expressed their affection for teachers through a touching, tailor-made song. The day became even more captivating as our educators graced the stage with an elegant ramp walk and engaged in various games and programs.

# Krishna Jeyanthi Celebrations-KG

On this special day, our young Krishnas captivated everyone's hearts with their naughtiness and smiles.

Krishna's abode- an eye catching moment when our little Krishna of our Kindergarten visited the stage accompanied by the Radhas

A tempting combat between the boys appeals not only the taste buds but also the onlookers.

The mystic dance celebrating the cheerfulness at its brim in Lord Krishna's Presence.

# Financial Training

Our school conducted a financial training program aimed at securing the future well-being of both our teaching and non-teaching staff. The program received a positive response from the teachers, who actively inquired about the advantages of acquiring insurance and life policies for themselves and their families. The trainers also emphasized the importance of having a financial plan to address potential future challenges. Many staff members expressed keen interest in initiating insurance policies and sought clarifications to resolve any doubts they had about the process.

## POEM – MY MOTHER

BY THE BUDDING POETS OF VIII LOTUS & LILY

You are the best of the best  
But you never take rest

You make my life bright  
By struggling day and night

I love you forever and  
Forever you will be the best MOTHER  
In this world

ASHMITHA .G

My Mother  
Is one who works hard to make me better  
And makes me go further  
Helps me avoid danger  
A supportive backbone for my father  
And also helps me discover.  
Love you mom forever  
You are my everything Mother!

## POEM – MY MOTHER

BY THE BUDDING POETS OF VIII LOTUS & LILY

Even when times are hard  
Even when I am sad  
She makes me feel glad  
That she is here to help me

My Mother is my motivator  
She helps me become greater  
That's why I am grateful to my mother.

When I am in need  
She helps me indeed  
Without the need to stutter  
This is why I am grateful for my mother

BALAMUKUNDAN

Oh Mother, My Mother  
We will always be together  
Grant me a boon  
That you will be my forever moon

## POEM – MY MOTHER

BY THE BUDDING POETS OF VIII LOTUS & LILY

My Mother is my first self,  
Who brought me to this world,  
With a lot of pain which I can't imagine.

Everyone thinks that all mothers don't care about them  
Just because she yells at them,  
But the truth is that,  
She is the first person in the world  
To care about us, she just wants to correct us.

My mother never leaves my side,  
No matter what,  
Even if the world is at its end.

I promise to God,  
That no matter what happens,  
I will never leave my mother,  
As she is my first gift from the Lord.

MEERAI

The one who protects me like an ozone layer,  
The one who showed love and affection like moonlight,  
The one who can tolerate anything.  
The greatest human born on Earth  
Is no one else, My mother.

## POEM – MY MOTHER

BY THE BUDDING POETS OF VIII LOTUS & LILY

My mother is marvelous,  
Why, she is a marvel herself.  
She is as busy as a bee,  
Yet she'll have a few minutes free,  
When she cares for me.  
She is loving, caring and kind  
And always calms my mind.  
She is not the best, according to me,  
My mother is much more than that,  
Because my mother is marvelous,  
Why, she is a marvel herself.

LEKSHMAN AADITYA

I am grateful for you mom,  
You are so calm,  
Yet so strong.  
How did you do it all Mom  
I just can't comprehend.  
I see now it was love from both ends.  
You'd always come,  
Whenever I call  
And now I thank you for it all.

## POEM – MY MOTHER

BY THE BUDDING POETS OF VIII LOTUS & LILY

To my mother who is the best  
She never rests.  
She used to feed me  
But now I make her tea  
She filled me with lots of love  
So I could have wings like a dove.

JENELIYA

My mother is the best  
She never rests.  
She is kind and helps our family bind.  
She works day and night,  
To make us right.  
My mother is the best  
She never rests!

DIVIJA SREE

I like my mother,  
She put me together.  
I get all my inspiration from  
her  
She showed me the path,  
and there is no other.  
I listen to her, I get saved.  
I go in the path that has been  
paved.  
She taught me how to be  
behaved.  
I follow what has been laid;  
Knowledge and respect,  
So none can suspect,  
Kind and honest,  
Is what comes next;  
She made me better,  
She is my Mother.  
She made my mind fitter,  
She is my Mother!

CHARLES VIMAL

My mother works day and night,  
Just to lead us right.  
She holds pain and suffering  
And stands bold and sheltering.  
Just to make us happy,  
In this world of agony.  
She is a goddess of care  
Who is always there.  
Through sun and torment,  
My mother stands strong.  
My mother and eternal song.
